Fletcher-Flora Update: Attention Lab Managers!

Volume 1 Issue 3 07/12/07

On behalf of Fletcher-Flora, I want to formally announce the availability of **FFlex eSuite**, our newest Web-based Laboratory Information System. **FFlex eSuite** is a third-generation, comprehensive LIS that can be built to order using a series of optional modules that have been designed to meet the needs of the most demanding customers. Fletcher-Flora is still the same company known for its responsive service and excellent customer support. Now, we have the state-of-the-art and proven technology to serve labs of the 21<sup>st</sup> century.

**FFlex eSuite** was engineered to be easily configured and scaled to fit any size laboratory, from the small physician office laboratory to the largest laboratories with multiple remote facilities. Internet accessibility is not an afterthought or an add-on, but seamless to the core design of the system to provide a flexible, expandable solution and real-time access to laboratory information from any location or physician office. **FFlex eSuite's** unique modular design simplifies implementation, and allows your customers to choose the applications needed to support the services of their laboratory. Web-based modules allow access throughout a

### Announcements

The User Group Meeting will be in Rapid City, SD at the Best Western on September 12<sup>th</sup> and 13<sup>th</sup>.

If you have any questions, please Contact Mindy Portschy via email at [mindy.mrh@centurytel.net](mailto:mindy.mrh@centurytel.net)

### News Updates!

- Tech-Time will begin using Case Management software by SageCRM. SageCRM will provide us with tools to log, track, and manager your calls to the customer support on a daily basis. Our goal is to continually improve customer support.
- We will be onsite at Mineral Community Hospital in Superior, MT in late July installing materials management and dispensing.
- Creighton Hospital will begin to go live with their order entry system this week.
- Sakakawea Medical Center, Hazen, ND, went live on Financials July 1st.
- Roundup Memorial has installed a new Integrity Server and will go live with order entry at their leisure.
- Putney Hospital and Cascade Medical Center will upgrade to Integrity Servers on July 20th.
- I need help from you users about what you want to hear about in the newsletters. If you have any suggestions or comments, please call or email.
